\*\*\*91 **STEVEN KENT Clone Thirty, Ghielmetti Vineyard, Cabernet Sauvignon, Livermore Valley 2008**

The deepest, richest and most outgoing of Steven Kent's several new Cabernets, the Clone Thirty bottling is also the most definitively ripe in character. It is a big, fleshy, mouthfilling wine rife with extracted black cherry fruit, and if in no way a nuanced wine at this point, it is appointed with loads of very sweet, vanillin oak that stays step for step with that fruit. A few may find it a too much of a good thing, but those who enjoy wines of its style would be smart to stash a few bottles away for a half-dozen years.

Sorry 🐮 🍷 \$120.00
